Description of Incident

I did receive a call from Karen Thompson from tidewater Pharmacy at 28948 Three notch Road, Mechanicsville, MD that a person showed up with a narcotic script for Oxycodone 15 mg #90, the sign was not mine. They didn't fill it, person didn't show up later to pick up the medicine. I called sheriff's office 2/10 (Next working day), Pharmacy also called county police. Also on 2/18 local Safeway Pharmacy called in regards to 20 other prescriptions which I donot have copies off, but they were also not filled. Some one must have got hold of my Rx pad I never (almost) prescribe narcotics
