MEMORANDUM

To: TB Coordinators
TB Nurses
TB Physicians

From: Richard Oatis, DHMH TB Laboratory Supervisor

Date: June 20, 2016

Subject: Educational DHMH Laboratory Tour – August 09, 2016

On Tuesday, August 09, 2016, the DHMH Maryland State Tuberculosis Laboratory will host an educational tour of our fabulous new facility. The tour is recommended for anyone who works in TB case management, providing an opportunity to become more familiar with TB laboratory diagnostic testing. We will explain the various techniques and assays performed at our laboratory and the important information the test results provide. You will have a chance to ask questions about testing, meet our staff, and see some of the equipment and work areas firsthand!

This tour will be held at our new facility at 1770 Ashland Avenue in Baltimore. Parking is available at a pay garage at 900 N Washington St (recommended) or there is very limited metered street parking. If you are interested in this tour email me at richard.oatis@maryland.gov by July 5. We will limit this tour to eight people, on a first come, first served basis. Security requirements mandate scheduling in advance.

We plan to offer tours about every six months, so look for announcements of additional tour opportunities in the future if you are unable to participate now. We look forward to seeing you soon!
