

Minority Outreach & Technical Assistance (MOTA)

LIFE and Discovery – Frederick County

Elizabeth Chung 1 West Second Street,
Suite 7 Frederick, MD 21701
(301) 632-6838 Email: echung@lifeanddiscovery.com (<mailto:inaupshur@aol.com>)

The Learning Institute For Enrichment and Discovery Inc., (LIFE & Discovery) since its inception in 2005 has been focusing on the emerging community of undocumented laborers and other low income immigrant families. LIFE & Discovery has worked with the local health department and various health and human agencies toward its goal of empowering the community towards efforts in reducing health disparities.

This fiscal year, LIFE & Discovery will conduct outreach to the targeted minority communities of Frederick County through its cultural events, training for capacity building, and health education programs. LIFE & Discovery will work to improve access to health information and education programs on cancer prevention and tobacco cessation to minority communities.

For more information about the LIFE & Discovery and the MOTA program in Frederick County, contact Elizabeth Chung, Director at (301) 631-6838.
