Email: mackch@intercom.net

Founded as St. James Mission in 1895, the St. James A.M.E. Zion Church is a religious corporation with decades of service to the residents of the Lower Eastern Shore of Maryland. St. James has provided leadership through faith-based initiatives that have addressed a myriad of issues affecting residents of the tri-county area, including health, homelessness, poverty, civil rights, youth development and family enrichment.

During this year, St. James A.M.E. MOTA Program will be establishing and fostering relationships within each minority community in an effort to ascertain ideals and attitudes in reference to tobacco use and cancer prevention activities. The program will reach those who are historically marginalized and those who are less apt to explore prevention and screenings.

For more information about St. James A.M.E. Zion Church and the MOTA program in Wicomico County, contact Pastor M. Luther Hill, Program Director at (410) 742-1427.
