## **1.12 Multiple or Alternate Proposals**

Multiple and/or alternate Proposals will not be accepted

### **1.13 Economy of Preparation**

Proposals should be prepared simply and economically and provide a straightforward and concise description of the Offeror's Proposal to meet the requirements of this RFP.

### **1.14 Public Information Act Notice**

An Offeror should give specific attention to the clear identification of those portions of its Proposal that it considers confidential and/or proprietary commercial information or trade secrets, and provide justification why such materials, upon request, should not be disclosed by the State under the Public Information Act, Md. Code Ann., State Government Article, Title 10, Subtitle 6. (Also, see RFP Section 4.4.3.2 "Claim of Confidentiality"). This confidential and/or proprietary information should be identified by page and section number and placed after the Title Page and before the Table of Contents in the Technical Proposal and if applicable, separately in the Financial Proposal.

Offerors are advised that, upon request for this information from a third party, the Procurement Officer is required to make an independent determination whether the information must be disclosed.

### **1.15 Award Basis**

The Contract shall be awarded to the responsible Offeror submitting the Proposal that has been determined to be the most advantageous to the State, considering price and evaluation factors set forth in this RFP (see COMAR 21.05.03.03F), for providing the goods and services as specified in this RFP. See RFP Section 5 for further information.

### **1.16 Oral Presentation**

Offerors may be required to make oral presentations to State representatives. Offerors must confirm in writing any substantive oral clarification of, or change in, their Proposals made in the course of discussions. Any such written clarifications or changes then become part of the Offeror's Proposal and are binding if the Contract is awarded. The Procurement Officer will notify Offerors of the time and place of oral presentations.

### **1.17 Duration of Proposal**

Proposals submitted in response to this RFP are irrevocable for 120 days following the closing date of the Proposals. This period may be extended at the Procurement Officer's request only with the Offeror's written agreement.

### **1.18 Revisions to the RFP**

If it becomes necessary to revise this RFP before the due date for Proposals, the Department shall endeavor to provide addenda to all prospective Offerors that were sent this RFP or which are otherwise known by the Procurement Officer to have obtained this RFP. In addition, addenda to the RFP will be posted on the DHMH Current Procurements web page and through eMM. It remains the responsibility of all prospective Offerors to check all applicable websites for any addenda issued prior to the submission of Proposals. Addenda made after the due date for Proposals will be sent only to those Offerors that submitted a timely Proposal and that remain under award consideration as of the issuance date of the addenda.

Acknowledgment of the receipt of all addenda to this RFP issued before the Proposal due date shall be included in the Transmittal Letter accompanying the Offeror's Technical Proposal. Acknowledgement of the receipt of addenda to

the RFP issued after the Proposal due date shall be in the manner specified in the addendum notice. Failure to acknowledge receipt of an addendum does not relieve the Offeror from complying with the terms, additions, deletions, or corrections set forth in the addendum.

### **1.19 Cancellations**

The State reserves the right to cancel this RFP, accept or reject any and all Proposals, in whole or in part, received in response to this RFP, to waive or permit the cure of minor irregularities, and to conduct discussions with all qualified or potentially qualified Offerors in any manner necessary to serve the best interests of the State. The State also reserves the right, in its sole discretion, to award a Contract based upon the written proposals received without discussions or negotiations.

### **1.20 Incurred Expenses**

The State will not be responsible for any costs incurred by any Offeror in preparing and submitting a Proposal, in making an oral presentation, in providing a demonstration, or in performing any other activities related to this solicitation.

### **1.21 Protest/Disputes**

Any protest or dispute related, respectively, to this solicitation or the resulting Contract shall be subject to the provisions of COMAR 21.10 (Administrative and Civil Remedies).

### **1.22 Offeror Responsibilities**

The selected Offeror shall be responsible for all products and services required by this RFP. All subcontractors must be identified and a complete description of their role relative to the Proposal must be included in the Offeror's Proposal. If applicable, subcontractors utilized in meeting the established MBE or VSBE participation goal(s) for this solicitation shall be identified as provided in the appropriate Attachment(s) of this RFP (see Section 1.33 "Minority Business Enterprise Goals" and Section 1.41 "Veteran-Owned Small Business Enterprise Goals.").

If an Offeror that seeks to perform or provide the services required by this RFP is the subsidiary of another entity, all information submitted by the Offeror, including but not limited to references, minimum qualifications, and financial reports, or experience and documentation (e.g. insurance policies, bonds, letters of credit) used to meet minimum qualifications, if any, shall pertain exclusively to the Offeror, unless the parent organization will guarantee the performance of the subsidiary. If applicable, the Offeror's proposal shall contain an explicit statement that the parent organization will guarantee the performance of the subsidiary.

A parental guarantee of the performance of the Offeror under this Section will not automatically result in crediting the Offeror with the experience and/or qualifications of the parent under any evaluation criteria pertaining to the Offeror's experience and qualifications. Instead, the Offeror will be evaluated on the extent to which the State determines that the experience and qualification of the parent are transferred to and shared with the Offeror, the parent is directly involved in the performance of the Contract, and the value of the parent's participation as determined by the State.

### **1.23 Substitution of Personnel**

#### **A. Continuous Performance of Key Personnel**

Unless substitution is approved per paragraphs B-D of this section, key personnel shall be the same personnel proposed in the Contractor's Technical Proposal, which will be incorporated into the Contract by reference.

Such identified key personnel shall perform continuously for the duration of the Contract, or such lesser duration as specified in the Technical Proposal. Key personnel may not be removed by the Contractor from working under this Contract, as described in the RFP or the Contractor's Technical Proposal, without the prior written approval of the Contract Monitor.

If the Contract is task order based, the provisions of this section apply to key personnel identified in each task order proposal and agreement.

## B. Definitions

For the purposes of this section, the following definitions apply:

**Extraordinary Personal Circumstance** – means any circumstance in an individual's personal life that reasonably requires immediate and continuous attention for more than fifteen (15) days and that precludes the individual from performing his/her job duties under this Contract. Examples of such circumstances may include, but are not limited to: a sudden leave of absence to care for a family member who is injured, sick, or incapacitated; the death of a family member, including the need to attend to the estate or other affairs of the deceased or his/her dependents; substantial damage to, or destruction of, the individual's home that causes a major disruption in the individual's normal living circumstances; criminal or civil proceedings against the individual or a family member; jury duty; and military service call-up.

**Incapacitating** – means any health circumstance that substantially impairs the ability of an individual to perform the job duties described for that individual's position in the RFP or the Contractor's Technical Proposal.

**Sudden** – means when the Contractor has less than thirty (30) days' prior notice of a circumstance beyond its control that will require the replacement of any key personnel working under the Contract.

## C. Key Personnel General Substitution Provisions

The following provisions apply to all of the circumstances of staff substitution described in paragraph D of this section.

1. The Contractor shall demonstrate to the Contract Monitor's satisfaction that the proposed substitute key personnel have qualifications at least equal to those of the key personnel for whom the replacement is requested.
2. The Contractor shall provide the Contract Monitor with a substitution request that shall include:
  - A detailed explanation of the reason(s) for the substitution request;
  - The resume of the proposed substitute personnel, signed by the substituting individual and his/her formal supervisor;
  - The official resume of the current personnel for comparison purposes; and
  - Any evidence of any required credentials.
3. The Contract Monitor may request additional information concerning the proposed substitution. In addition, the Contract Monitor and/or other appropriate State personnel involved with the Contract may interview the proposed substitute personnel prior to deciding whether to approve the substitution request.
4. The Contract Monitor will notify the Contractor in writing of: (i) the acceptance or denial, or (ii) contingent or temporary approval for a specified time limit, of the requested substitution. The Contract Monitor will not unreasonably withhold approval of a requested key personnel replacement.

## D. Replacement Circumstances

1. Voluntary Key Personnel Replacement

To voluntarily replace any key personnel, the Contractor shall submit a substitution request as described in paragraph C of this section to the Contract Monitor at least fifteen (15) days prior to the intended date of change. Except in a circumstance described in paragraph D.2 of this clause, a substitution may not occur unless and until the Contract Monitor approves the substitution in writing.

2. Key Personnel Replacement Due to Vacancy

The Contractor shall replace key personnel whenever a vacancy occurs due to the sudden termination, resignation, leave of absence due to an Extraordinary Personal Circumstance, Incapacitating injury, illness or physical condition, or death of such personnel. (A termination or resignation with thirty (30) days or more advance notice shall be treated as a Voluntary Key Personnel Replacement as per Section D.1 of this section.).

Under any of the circumstances set forth in this paragraph D.2, the Contractor shall identify a suitable replacement and provide the same information or items required under paragraph C of this section within fifteen (15) days of the actual vacancy occurrence or from when the Contractor first knew or should have known that the vacancy would be occurring, whichever is earlier.

3. Key Personnel Replacement Due to an Indeterminate Absence

If any key personnel has been absent from his/her job for a period of ten (10) days due to injury, illness, or other physical condition, leave of absence under a family medical leave, or an Extraordinary Personal Circumstance and it is not known or reasonably anticipated that the individual will be returning to work within the next twenty (20) days to fully resume all job duties, before the 25th day of continuous absence, the Contractor shall identify a suitable replacement and provide the same information or items to the Contract Monitor as required under paragraph C of this section.

However, if this person is available to return to work and fully perform all job duties before a replacement has been authorized by the Contract Monitor, at the option and sole discretion of the Contract Monitor, the original personnel may continue to work under the Contract, or the replacement personnel will be authorized to replace the original personnel, notwithstanding the original personnel's ability to return.

4. Directed Personnel Replacement

- a. The Contract Monitor may direct the Contractor to replace any personnel who are perceived as being unqualified, non-productive, unable to fully perform the job duties due to full or partial Incapacity or Extraordinary Personal Circumstance, disruptive, or known, or reasonably believed, to have committed a major infraction(s) of law, agency, or Contract requirements. Normally, a directed personnel replacement will occur only after prior notification of problems with requested remediation, as described in paragraph 4.b. If after such remediation the Contract Monitor determines that the personnel performance has not improved to the level necessary to continue under the Contract, if at all possible at least fifteen (15) days notification of a directed replacement will be provided. However, if the Contract Monitor deems it necessary and in the State's best interests to remove the personnel with less than fifteen (15) days' notice, the Contract Monitor can direct the removal in a timeframe of less than fifteen (15) days, including immediate removal.

In circumstances of directed removal, the Contractor shall, in accordance with paragraph C of this section, provide a suitable replacement for approval within fifteen (15) days of the notification of the need for removal, or the actual removal, whichever occurs first.

- b. If deemed appropriate in the discretion of the Contract Monitor, the Contract Monitor shall give written notice of any personnel performance issues to the Contractor, describing the problem and delineating the remediation requirement(s). The Contractor shall provide a written Remediation Plan within ten (10) days of the date of the notice and shall implement the Remediation Plan immediately upon written acceptance by the Contract Monitor. If the Contract Monitor rejects the Remediation Plan, the Contractor shall revise and resubmit the plan to the Contract Monitor within five (5) days, or in the timeframe set forth by the Contract Monitor in writing.

Should performance issues persist despite the approved Remediation Plan, the Contract Monitor will give written notice of the continuing performance issues and either request a new Remediation Plan within a specified time limit or direct the substitution of personnel whose performance is at issue with a qualified substitute, including requiring the immediate removal of the key personnel at issue.

Replacement or substitution of personnel under this section shall be in addition to, and not in lieu of, the State's remedies under the Contract or which otherwise may be available at law or in equity.

## **SECTION 3 – SCOPE OF WORK**

### **3.1 Background and Purpose**

#### 3.1.1 BACKGROUND

The State Board of Nursing (BON) oversees approximately two-thirds of all regulated health occupations professionals in the State, more than six times the number regulated by the second largest board, the State Board of Physicians. The BON receives administrative and policy support from the Department of Health and Mental Hygiene (DHMH), but its operations are managed directly by a staff of sixty permanent State employees and six contractual employees overseen by 13 Board members who serve four-year terms. See the attached staff list by employee category (**Attachment Q**) and organizational chart (**Attachment R**).

The BON meets monthly and has committees for each subcategory of licensee or certificate holder governed by the BON. Additionally, the BON forms workgroups on an as needed basis to address issues presented to it, and is supported by five rehabilitation committees. These committees are created by statute and provide an alternative to disciplinary processes for individuals who are impaired by substance abuse or mental illness.

In Fiscal Year 2011, the BON issued licenses or certificates to 273,336 Registered Nurses (RNs), Licensed Practical Nurses (LPNs), advanced practice nurses, Certified Nursing Assistants (CNAs), Certified Medication Technicians (CMTs), and electrologists. The number of licenses and certifications has steadily risen over time.

The BON is one of numerous regulatory entities currently subject to periodic evaluation under the Maryland Program Evaluation Act. This Act establishes a process known as “sunset review,” which evaluates entities such as the BON that are subject to termination. The sunset review process begins with a preliminary evaluation conducted by the Department of Legislative Services (DLS) on behalf of the Legislative Policy Committee (LPC). The LPC decides whether to waive a full evaluation or require it. If waived, legislation to reauthorize the entity typically is enacted. Otherwise, a full evaluation usually is undertaken the following year.

The DLS completed a preliminary evaluation of the BON in December 2010 and recommended a full sunset evaluation of the BON, which occurred in 2011. A full copy of the DLS sunset report may be found at: <http://dls.state.md.us/Content.aspx?page=104>. The DLS found a continued need for regulation of nursing by the State, and therefore, recommended extension of the BON through July 1, 2023; however, the DLS also indicated there are several areas where the BON could improve service to licensees, certificate holders, and the public.

#### 3.1.2 PURPOSE

During DLS’s full evaluation, the BON asserted that additional positions were needed, but could not provide specific data to justify additional staff. Additionally, the DLS observed that various changes within the BON, such as the transition to paperless applications, switching to biennial licensure and certification renewal, and the plan to require criminal history records checks (CHRCs) for CMTs would impact the BON’s staffing needs. The lack of data combined with these process changes led the Maryland General Assembly in 2012 to adopt DLS’s recommendation to further study appropriate numbers, levels, and types of staff. Thus, legislation was passed that required the DHMH, in consultation with the Department of Budget and Management (DBM), to contract with an independent entity to perform a management and personnel study, which will be paid for by the BON Fund.

Chapter 621 of the 2012 legislative session assigned DHMH and DBM the joint task of developing the specifications for the solicitation of the contract, with DBM responsible for overseeing the independent entity that is performing the study. The independent entity is required to report directly to DBM regarding the study.

#### 3.1.3 Request for Proposals

DHMH, in consultation with DBM, is issuing this Request for Proposals (RFP) to contract with an independent entity to perform a management and personnel study of the BON. The study to be performed by the selected Offeror must include an analysis of the organizational structure, the workload and personnel of the BON and make

recommendations as to the appropriate number, levels and types of staff for the BON. The study must be completed on or before October 1, 2013, and on or before December 1, 2013, DBM must report on the results of the study.

### **3.2 Scope of Work - Requirements**

3.2.1 The Contractor is to perform a management and personnel study that shall:

- A. Include an analysis of the workload of the BON related to its licensure, certification, and complaint resolution functions.
- B. Consider at a minimum:
  - 1. The number of applications and complaints received by the BON;
  - 2. The number of employees assigned to each step of each function; and
  - 3. The amount of time an application or complaint remains at each step of each function.
- C. Include an analysis of the impact on staffing needs of:
  - 1. The online processing of licenses and certificates; and
  - 2. The movement to biennial renewal of licenses.
- D. Make recommendations on:
  - 1. The most effective use of existing staff;
  - 2. Cross-training of existing staff;
  - 3. Potential reassignment or realignment of existing staff;
  - 4. Additional deployment or activation of currently available but unused online functionality;
  - 5. Best practices regarding licensure and complaint resolution processes;
  - 6. The development of policies and procedures related to the handling of positive CHRCs;
  - 7. Additional staffing requirements, including the use of contractual employees during the period that the BON is transitioning to a fully-online application process.
  - 8. Any other management and personnel issues that may be improved or made more efficient (time or money).

3.2.2 When considering appropriate staffing levels, the Study should examine the BON's efforts to:

- A. Automate its applicant tracking system;
- B. Conduct cross-training, develop policies and procedures manuals, update its organizational chart and job descriptions for staff members;
- C. Prioritize the certification of medication technicians;
- D. Move to biennial licensure and certification;
- E. Transition to online processing of initial applications for licenses and certifications, in addition to renewal applications, which already are online;
- F. Maintain annual data on the number of applicants denied licensure or certification based on positive CHRC results or, in the case of CMT applicants, self-disclosure of a criminal history;
- G. Evaluate the need to conduct CHRC for CMTs in light of the current self-disclosure policy;
- H. Develop and produce a catalog of complaint data reports to analyze the need for staffing and automation changes and improve overall the complaint resolution process;

- I. Assess its complaint backlog and, as necessary, hold additional hearings;
- J. Enhance the ability of consumers and the public to access information by improving the quality of service provided by call center operators, revamping the customer satisfaction survey, improving the BON's website, and re-establishing an online newsletter;
- K. Nothing in the BON's current efforts should prevent the Contractor from making additional recommendations regarding the personnel and management of the BON.

### 3.2.3 Staffing

- A. The Contractor will work with the Contract Monitor at DBM, who will be available to the Contractor to resolve any issues and barriers encountered during the Contract period.
- B. The Contractor shall provide a Project Manager who shall be available to the Contract Monitor to discuss any issues that may arise during the Contract period. The Project Manager shall possess a Master's degree and five years relevant project management experience that includes leading a project team in the analysis of organizational structures, workload and personnel of organizations. Project Team members should be familiar with health occupations (preferably nursing), cross-training, and best practices regarding licensure and complaint resolution processes. The Contractor should provide resumes for all staff, detailing related experience and education
- C. The Contractor must provide a Project Team, including Research, Analysis, and Clerical/Administrative Staff as necessary, that has sufficient capacity and resources to meet the needs of the Scope of Work without undue conflicts or delays that would impede meeting the scheduled deadlines for the Preliminary Report and Complete Study.
- D. The Department expects that the majority of the work will be conducted primarily in the central Maryland area. State offices are located mainly in the Baltimore and Annapolis areas.
- E. The Department will assist the Contractor in obtaining temporary ID cards to enable its team to access State facilities during the project.
- F. The Department will make every effort to schedule and commit the time of appropriate State staff as needed, but cannot commit any staff member on a full-time basis.

- B. - 3.4.4 Within five (5) Business Days of notification of proposed award the Contractor shall provide the Contract Monitor with a current certificate of insurance, and shall update such certificates from time to time, but no less than annually for a multi-year contract, as directed by the Contract Monitor. Such copy of the Contractor's current certificate of insurance shall contain at minimum the following:
- a. Workers' Compensation – The Contractor shall maintain such insurance as necessary and/or as required under Worker's Compensation Acts, the Longshore and Harbor Workers' Compensation Act, and the Federal Employers' Liability Act.
  - b. Commercial General Liability as required in Section 3.6.1.
- 3.4.5 The State shall be named as an additional named insured on the policies with the exception of Worker's Compensation Insurance and Professional Liability Insurance. All insurance policies shall be endorsed to include a clause that requires that the insurance carrier provide the Contract Monitor, by certified mail, not less than forty-five (45) days' advance notice of any non-renewal, cancellation, or expiration.
- In the event the Contract Monitor receives a notice of non-renewal, the Contractor shall provide the Contract Monitor with an insurance policy from another carrier at least thirty (30) days prior to the expiration of the insurance policy then in effect. The PEP must state how the Contractor will address problem situations as they occur during the performance of the Contract, especially problems that are not resolved to the satisfaction of the State within appropriate timeframes.

The PEP shall detail how problems with work under the Contract will be escalated in order to resolve any issues in a timely manner. The PEP shall include:
- The process for establishing the existence of a problem;

- The maximum duration that a problem may remain unresolved at each level in the Contractor's organization before automatically escalating the problem to a higher level for resolution;
- Circumstances in which the escalation will occur in less than the normal timeframe;
- The nature of feedback on resolution progress, including the frequency of feedback, to be provided to the State;
- Identification of, and contact information for, progressively higher levels of personnel in the Contractor's organization who would become involved in resolving a problem;

## **SECTION 4 – PROPOSAL FORMAT**

### **4.1 Two Part Submission**

Offerors shall submit Proposals in separate volumes:

- Volume I – TECHNICAL PROPOSAL
- Volume II – FINANCIAL PROPOSAL

### **4.2 Proposals**

4.2.1 Volume I – Technical Proposal, and Volume II – Financial Proposal shall be sealed separately from one another. Each Volume shall contain an unbound original, so identified, and five (5) copies. The two (2) sealed Volumes shall be submitted together under two (2) labels bearing:

- The RFP title and number,
- Name and address of the Offeror,
- The volume number (I or II), and
- Closing date and time for receipt of Proposals

To the Procurement Officer (see Section 1.5 “Procurement Officer”) prior to the date and time for receipt of Proposals (see Section 1.11 “Proposals Due (Closing) Date and Time”).

4.2.2 An electronic version (CD) of the Technical Proposal in Microsoft Word format must be enclosed with the original Technical Proposal. An electronic version (CD) of the Financial Proposal in Microsoft Word or Microsoft Excel format must be enclosed with the original Financial Proposal. CDs must be labeled on the outside with the RFP title and number, name of the Offeror, and volume number. CDs must be packaged with the original copy of the appropriate Proposal (Technical or Financial).

4.2.3 A second electronic version of Volume I and Volume II in searchable Adobe .pdf format shall be submitted on CD for Public Information Act (PIA) requests. This copy shall be redacted so that confidential and/or proprietary information has been removed (see Section 1.14 “Public Information Act Notice”).

4.2.4 All pages of both proposal volumes shall be consecutively numbered from beginning (Page 1) to end (Page “x”).

4.2.5 Proposals and any modifications to Proposals will be shown only to State employees, members of the Evaluation Committee, or other persons deemed by the Department to have a legitimate interest in them.

### **4.3 Delivery**

Offerors may either mail or hand-deliver Proposals.

4.3.1 For U.S. Postal Service deliveries, any Proposal that has been received at the appropriate mailroom, or typical place of mail receipt, for the respective procuring unit by the time and date listed in the RFP will be deemed to be timely. If an Offeror chooses to use the U.S. Postal Service for delivery, the Department recommends that it use Express Mail, Priority Mail, or Certified Mail only as these are the only forms for which both the date and time of receipt can be verified by the Department. An Offeror using first class mail will not be able to prove a timely delivery at the mailroom and it could take several days for an item sent by first class mail to make its way by normal internal mail to the procuring unit.

- 4.3.2 Hand-delivery includes delivery by commercial carrier acting as agent for the Offeror. For any type of direct (non-mail) delivery, Offerors are advised to secure a dated, signed, and time-stamped (or otherwise indicated) receipt of delivery.
- 4.3.3 After receipt, a Register of Proposals will be prepared that identifies each Offeror. The Register of Proposals will be open to inspection only after the Procurement Officer makes a determination recommending the award of the Contract.

## 4.4 Volume I – Technical Proposal

**Note: No pricing information is to be included in the Technical Proposal (Volume 1). Pricing information is to be included only in the Financial Proposal (Volume II).**

### 4.4.1 Format of Technical Proposal

Inside a sealed package described in Section 4.2 “Proposals,” the unbound original, five (5) copies, and the electronic version shall be provided. The RFP sections are numbered for ease of reference. Section 4.4.3 sets forth the order of information to be provided in the Technical Proposal, e.g., Section 4.4.3.1 “Title and Table of Contents,” Section 4.4.3.2 “Claim of Confidentiality,” Section 4.4.3.3 “Transmittal Letter,” Section 4.4.3.4 “Executive Summary,” etc. In addition to the instructions below, responses in the Offeror’s Technical Proposal should reference the organization and numbering of Sections in the RFP (ex. “Section 3.2.1 Response . . . ; “Section 3.2.2 Response . . . ,” etc.). This proposal organization will allow State officials and the Evaluation Committee (see RFP Section 5.1) to “map” Offeror responses directly to RFP requirements by Section number and will aid in the evaluation process.

The Offeror shall condense and highlight the contents of the Technical Proposal in a separate section titled "Executive Summary." The Summary should identify the Service Category(ies) and Region(s) the Offeror is proposing to provide services for (if applicable). The Summary shall also identify any exceptions the Offeror has taken to the requirements of this RFP, the Contract (Attachment A), or any other attachments. Exceptions to terms and conditions may result in having the Proposal deemed unacceptable or classified as not reasonably susceptible of being selected for award.

If the Offeror has taken no exceptions to the requirements of this RFP, the Executive Summary shall so state.

#### **4.4.3.5 Minimum Qualifications Documentation:**

The Offeror shall submit any Minimum Qualifications documentation that may be required, as set forth in Section 2 "Offeror Minimum Qualifications."

Final procedures must be submitted as indicated in RFP Section 3.5.

#### **4.4.3.7 Experience and Qualifications of Proposed Staff**

The Offeror shall describe in detail how the proposed staff's experience and qualifications relate to their specific responsibilities, as detailed in the Work Plan. The Offeror shall include individual resumes for the key personnel who are to be assigned to the project if the Offeror is awarded the contract. Each resume should include the amount of experience the individual has had relative to the Scope of Work set forth in this solicitation. Letters of intended commitment to work on the project, including any proposed subcontractors, shall be included in this section.

The Offeror is required to provide an Organizational Chart outlining personnel and their related duties. #### **4.4.3.9 References**

At least three (3) references are requested from customers who are capable of documenting the Offeror's ability to provide the services specified in this RFP. References used to meet any Offeror Minimum Qualifications (see Section 2) may be used to meet this request. Each reference shall be from a client for whom the Offeror has provided services within the past five (5) years and shall include the following information:

- a. Name of client organization;
- b. Name, title, telephone number, and e-mail address, if available, of point of contact for client organization; and

The Department reserves the right to request additional references or utilize references not provided by an Offeror.

#### **4.4.3.10 List of Current or Prior State Contracts:**

#### **4.4.3.11 Financial Capability**

An Offeror must include in its Proposal a commonly-accepted method to prove its fiscal integrity. The Offeror shall include Financial Statements, preferably a Profit and Loss (P&L) statement and a Balance Sheet, for the last two (2) years (independently audited preferred).

In addition, the Offeror may supplement its response to this Section by including one or more of the following with its response:

- a. Dunn and Bradstreet Rating;

- d. Evidence of a successful financial track record; and
- e. Evidence of adequate working capital.

#### **4.4.3.12 Certificate of Insurance:**

The Offeror shall provide a copy of the Offeror's current certificate of insurance. The recommended awardee must provide a certificate of insurance with the prescribed limits set forth in Section 3.4 "Insurance Requirements," naming the State as an additional insured if required, within five (5) Business Days from notification by the Procurement Officer that the Offeror has been determined to be the apparent awardee.

#### **4.4.3.15 Economic Benefit Factors**

The Offeror shall submit with its Proposal a narrative describing benefits that will accrue to the Maryland economy as a direct or indirect result of its performance of this contract. Proposals will be evaluated to assess the benefit to Maryland's economy specifically offered. See COMAR 21.05.03.03A(3).

Proposals that identify specific benefits as being contractually enforceable commitments will be rated more favorably than Proposals that do not identify specific benefits as contractual commitments, all other factors being equal.

Offerors shall identify any performance guarantees that will be enforceable by the State if the full level of promised benefit is not achieved during the contract term.

As applicable, for the full duration of the contract, including any renewal period, or until the commitment is satisfied, the contractor shall provide to the procurement officer or other designated agency personnel reports of the actual attainment of each benefit listed in response to this section.

These benefit attainment reports shall be provided quarterly, unless elsewhere in these specifications a different reporting frequency is stated.

Please note that in responding to this section, the following do not generally constitute economic benefits to be derived from this contract:

- a. generic statements that the State will benefit from the Offeror's superior performance under the contract;
- b. descriptions of the number of Offeror employees located in Maryland other than those that will be performing work under this contract; or
- c. tax revenues from Maryland based employees or locations, other than those that will be performing, or used to perform, work under this contract.

Discussion of Maryland-based employees or locations may be appropriate if the Offeror makes some projection or guarantee of increased or retained presence based upon being awarded this contract.

Examples of economic benefits to be derived from a contract may include any of the following. For each factor identified below, identify the specific benefit and contractual commitments and provide a breakdown of expenditures in that category:

- The contract dollars to be recycled into Maryland's economy in support of the contract, through the use of Maryland subcontractors, suppliers and joint venture partners. Do not include actual fees or rates paid to subcontractors or information from your Financial Proposal;
- The number and types of jobs for Maryland residents resulting from the contract. Indicate job classifications, number of employees in each classification and the aggregate payroll to which the contractor has committed, including contractual commitments at both prime and, if applicable, subcontract levels. If no new positions or subcontracts are anticipated as a result of this Contract, so state explicitly;
- Tax revenues to be generated for Maryland and its political subdivisions as a result of the contract. Indicate tax category (sales taxes, payroll taxes, inventory taxes and estimated personal income taxes for new employees). Provide a forecast of the total tax revenues resulting from the contract;
- Subcontract dollars committed to Maryland small businesses and MBEs; and
- Other benefits to the Maryland economy which the Offeror promises will result from awarding the contract to the Offeror, including contractual commitments. Describe the benefit, its value to the Maryland economy, and how it will result from, or because of the contract award. Offerors may commit to benefits that are not directly attributable to the contract, but for which the contract award may serve as a catalyst or impetus.

## **4.5 Volume II – Financial Proposal**

Under separate sealed cover from the Technical Proposal and clearly identified in the format identified in Section 4.2 "Proposals," the Offeror shall submit an original unbound copy, five (5) copies, and an electronic version in Microsoft Word or Microsoft Excel of the Financial Proposal. The Financial Proposal shall contain all price information in the format specified in **Attachment F**. The Offeror shall complete the Financial Proposal Form only as provided in the Financial Proposal Instructions and the Financial Proposal Form itself.

**The remainder of this page is intentionally left blank.**

## **SECTION 5 – EVALUATION COMMITTEE, EVALUATION CRITERIA, AND SELECTION PROCEDURE**

### **5.1 Evaluation Committee**

Evaluation of Proposals will be performed in accordance with COMAR 21.05.03 by a committee established for that purpose and based on the evaluation criteria set forth below. The Evaluation Committee will review proposals, participate in Offeror oral presentations and discussions, and provide input to the Procurement Officer. The Department reserves the right to utilize the services of individuals outside of the established Evaluation Committee for advice and assistance, as deemed appropriate.

### **5.2 Technical Proposal Evaluation Criteria**

The criteria to be used to evaluate each Technical Proposal are listed below in descending order of importance. Unless stated otherwise, any subcriteria within each criterion have equal weight.

#### 5.2.1 Number, Experience, and Qualifications of Proposed Staff (See RFP § 4.4.3.7)

- a. How well are the named individuals properly matched to this project with respect to their past work experience and credentials?
- b. How much actual experience does each staff person have that is applicable to this project?
- c. Is the proposed staffing pattern, number of staff, and organization structure adequate to performing the required services?

#### 5.2.2 Offeror Qualifications and Capabilities (See RFP § 4.4.3.8)

- a. To what extent has the organization demonstrated a commitment to providing quality services?
- b. Based on the description given in its proposal, what are the overall capabilities of the Offeror relative to the requirements set forth in the RFP, e.g. finances, experience, etc.?
- c. Are there any conflicts of interest, financial issues, or legal issues that need to be resolved?
- d. What has been the experience of other government agencies or departments when contracting and working with the offeror?

#### 5.2.3 Proposed Work Plan (See RFP § 4.4.3.6)

- a. To what extent does the proposed work plan succeed in meeting the requirements, time frames, and milestones of the RFP? Are the proposed time frames realistic? Are deliverable deadlines recognized as deadlines?
- b. How sound is the methodology used to carry out the work plan?
- c. Is there an outline of the management concepts employed by the offeror? How realistic is the outline?
- d. Is there a project management plan that includes project control mechanisms? How sound is the plan?

5.2.4 Economic Benefit to State of Maryland (See RFP § 4.4.3.15)

- a. Is the percentage of contract dollars to be recycled into Maryland's economy adequate, above average, or exceptional?
- b. How many and what types of jobs for Maryland residents will be created? What collateral job creation or retention may result from an award to this Offeror?
- c. Is the estimated percentage of dollars committed to small or minority businesses substantial or inconsequential?
- d. How much tax revenue is anticipated for the State and local subdivisions, etc.?

**5.3 Financial Proposal Evaluation Criteria**

All qualified Offerors will be ranked from the lowest (most advantageous) to the highest (least advantageous) price based on the Total Evaluated Price within the stated guidelines set forth in this RFP and as submitted on **Attachment F - Financial Proposal Form**.

**5.4 Reciprocal Preference**

Although Maryland law does not authorize procuring agencies to favor resident Offerors in awarding procurement contracts, many other states do grant their resident businesses preferences over Maryland contractors. Therefore, COMAR 21.05.01.04 requires that procuring units apply a reciprocal preference under the following conditions:

- The most advantageous offer is from a responsible Offeror whose headquarters, principal base of operations, or principal site (that will primarily provide the services required under this RFP) is in another state.
- The other state gives a preference to its resident businesses through law, policy, or practice; and
- The preference does not conflict with a Federal law or grant affecting the procurement Contract.

The preference given shall be identical to the preference that the other state, through law, policy, or practice gives to its resident businesses.

**5.5 Selection Procedures**

**5.5.1 General**

The Contract will be awarded in accordance with the Competitive Sealed Proposals (CSP) method found at COMAR 21.05.03. The Competitive Sealed Proposals method allows for the conducting of discussions and the revision of Proposals during these discussions. Therefore, the State may conduct discussions with all Offerors that have submitted Proposals that are determined to be reasonably susceptible of being selected for contract award or potentially so. However, the State reserves the right to make an award without holding discussions.

In either case (i.e., with or without discussions), the State may determine an Offeror to be not responsible and/or an Offeror's Proposal to be not reasonably susceptible of being selected for award at any time after the initial closing date for receipt of Proposals and prior to Contract award. If the State finds an Offeror to be not responsible and/or an Offeror's Technical Proposal to be not reasonably susceptible of being selected for award, that Offeror's Financial Proposal will be returned if the Financial Proposal is unopened at the time of the determination.

### 5.5.2 Selection Process Sequence

- 5.5.2.1 A determination is made that the MDOT Certified MBE Utilization and Fair Solicitation Affidavit (**Attachment D-1**) is included and is properly completed, if there is a MBE goal. In addition, a determination is made that the Veteran-Owned Small Business Enterprise (VSBE) Utilization Affidavit and Subcontractor Participation Schedule. (**Attachment M-1**) is included and is properly completed, if there is a VSBE goal.
- 5.5.2.2 Technical Proposals are evaluated for technical merit and ranked. During this review, oral presentations and discussions may be held. The purpose of such discussions will be to assure a full understanding of the State's requirements and the Offeror's ability to perform the services, as well as to facilitate arrival at a Contract that is most advantageous to the State. Offerors will be contacted by the State as soon as any discussions are scheduled.
- 5.5.2.3 Offerors must confirm in writing any substantive oral clarifications of, or changes in, their Technical Proposals made in the course of discussions. Any such written clarifications or changes then become part of the Offeror's Technical Proposal. Proposals are given a final review and ranked.
- 5.5.2.4 The Financial Proposal of each Qualified Offeror (a responsible Offeror determined to have submitted an acceptable Proposal) will be evaluated and ranked separately from the Technical evaluation. After a review of the Financial Proposals of Qualified Offerors, the evaluation committee or Procurement Officer may again conduct discussions to further evaluate the Offeror's entire Proposal.
- 5.5.2.5 When in the best interest of the State, the Procurement Officer may permit Qualified Offerors that have submitted acceptable Proposals to revise their initial Proposals and submit, in writing, Best and Final Offers (BAFOs). The State may make an award without issuing a request for a BAFO.

### 5.5.3 Award Determination

Upon completion of the Technical Proposal and Financial Proposal evaluations and rankings, each Offeror will receive an overall ranking. The Procurement Officer will recommend award of the Contract to the responsible Offeror that submitted the Proposal determined to be the most advantageous to the State. In making this determination, technical factors will receive equal weight with financial factors.

## 5.6 Documents Required upon Notice of Recommendation for Contract Award

Upon receipt of a Notification of Recommendation for Contract Award, the following documents shall be completed and submitted by the recommended awardee within five (5) Business Days, unless noted otherwise. Submit three (3) copies of each with original signatures:

- a. signed Contract (**Attachment A**),

- 31.1 If the Contractor withholds payment of an undisputed amount to its subcontractor, the Department, at its option and in its sole discretion, may take one or more of the following actions:
- a. Not process further payments to the contractor until payment to the subcontractor is verified;
  - b. Suspend all or some of the contract work without affecting the completion date(s) for the contract work;
  - c. Pay or cause payment of the undisputed amount to the subcontractor from monies otherwise due or that may become due;
  - d. Place a payment for an undisputed amount in an interest-bearing escrow account; or
  - e. Take other or further actions as appropriate to resolve the withheld payment.
- 31.2 An "undisputed amount" means an amount owed by the Contractor to a subcontractor for which there is no good faith dispute. Such "undisputed amounts" include, without limitation,:
- a. Retainage which had been withheld and is, by the terms of the agreement between the Contractor and subcontractor, due to be distributed to the subcontractor; and
  - b. An amount withheld because of issues arising out of an agreement or occurrence unrelated to the agreement under which the amount is withheld.

- 31.3 An act, failure to act, or decision of a Procurement Officer or a representative of the Department, concerning a withheld payment between the Contractor and a subcontractor under this provision, may not:
- a. Affect the rights of the contracting parties under any other provision of law;
  - b. Be used as evidence on the merits of a dispute between the Department and the contractor in any other proceeding; or
  - c. Result in liability against or prejudice the rights of the Department.
- 31.4 The remedies enumerated above are in addition to those provided under COMAR 21.11.03.13 with respect to subcontractors that have contracted pursuant to the Minority Business Enterprise (MBE) program.
- 31.5 To ensure compliance with certified MBE subcontract participation goals, the Department may, consistent with COMAR 21.11.03.13, take the following measures:
- a. Verify that the certified MBEs listed in the MBE participation schedule actually are performing work and receiving compensation as set forth in the MBE participation schedule.
  - b. This verification may include, as appropriate:
    - i. Inspecting any relevant records of the Contractor;
    - ii. Inspecting the jobsite; and
    - iii. Interviewing subcontractors and workers.
    - iv. Verification shall include a review of:
      - (a) The Contractor's monthly report listing unpaid invoices over thirty (30) days old from certified MBE subcontractors and the reason for nonpayment; and
      - (b) The monthly report of each certified MBE subcontractor, which lists payments received from the Contractor in the preceding thirty (30) days and invoices for which the subcontractor has not been paid.
  - c. If the Department determines that the Contractor is not in compliance with certified MBE participation goals, then the Department will notify the Contractor in writing of its findings, and will require the Contractor to take appropriate corrective action. Corrective action may include, but is not limited to, requiring the Contractor to compensate the MBE for work performed as set forth in the MBE participation schedule.
  - d. If the Department determines that the Contractor is in material noncompliance with MBE contract provisions and refuses or fails to take the corrective action that the Department requires, then the Department may:
    - i. Terminate the contract;
    - ii. Refer the matter to the Office of the Attorney General for appropriate action; or
    - iii. Initiate any other specific remedy identified by the contract, including the contractual remedies required by any applicable laws, regulations, and directives regarding the payment of undisputed amounts.
  - e. Upon completion of the Contract, but before final payment or release of retainage or both, the Contractor shall submit a final report, in affidavit form under the penalty of perjury, of all payments made to, or withheld from, MBE subcontractors.

**B. CERTIFICATION REGARDING COMMERCIAL NONDISCRIMINATION**

The undersigned Bidder/Offeror hereby certifies and agrees that the following information is correct: In preparing its Bid/Proposal on this project, the Bidder/Offeror has considered all quotes submitted from qualified, potential subcontractors and suppliers, and has not engaged in "discrimination" as defined in § 19-103 of the State Finance and Procurement Article of the Annotated Code of Maryland. "Discrimination" means any disadvantage, difference, distinction, or preference in the solicitation, selection, hiring, or commercial treatment of a vendor, subcontractor, or commercial customer on the basis of race, color, religion, ancestry, or national origin, sex, age, marital status, sexual orientation, or on the basis of disability or any otherwise unlawful use of characteristics regarding the vendor's, supplier's, or commercial customer's employees or owners. "Discrimination" also includes retaliating against any person or other entity for reporting any incident of "discrimination". Without limiting any other provision of the solicitation on this project, it is understood that, if the certification is false, such false certification constitutes grounds for the State to reject the Bid/Proposal submitted by the Bidder/Offeror on this project, and terminate any contract awarded based on the Bid/Proposal. As part of its Bid/Proposal, the Bidder/Offeror herewith submits a list of all instances within the past 4 years where there has been a final adjudicated determination in a legal or administrative proceeding in the State of Maryland that the Bidder/Offeror discriminated against subcontractors, vendors, suppliers, or commercial customers, and a description of the status or resolution of that determination, including any remedial action taken. - (2) Fail to notify the certified minority business enterprise before execution of the contract of its inclusion in the Bid/Proposal;
- (3) Fail to use the certified minority business enterprise in the performance of the contract; or
- (4) Pay the certified minority business enterprise solely for the use of its name in the Bid/Proposal.

Without limiting any other provision of the solicitation on this project, it is understood that if the certification is false, such false certification constitutes grounds for the State to reject the Bid/Proposal submitted by the Bidder/Offeror on this project, and terminate any contract awarded based on the Bid/Proposal.

**B-2. CERTIFICATION REGARDING VETERAN-OWNED SMALL BUSINESS ENTERPRISES.**

- (5) Willfully and knowingly fail to file any declaration or notice with the unit that is required by COMAR 21.11.12; or

    - (d) Services between a Unit and a County or Baltimore City.
- C. If the Unit responsible for the State contract for services determines that application of the Living Wage would conflict with any applicable Federal program, the Living Wage does not apply to the contract or program.
- D. A Contractor must not split or subdivide a State contract for services, pay an employee through a third party, or treat an employee as an independent Contractor or assign work to employees to avoid

the imposition of any of the requirements of Md. Code Ann., State Finance and Procurement Article, Title 18.

- E. Each Contractor/Subcontractor, subject to the Living Wage Law, shall post in a prominent and easily accessible place at the work site(s) of covered employees a notice of the Living Wage Rates, employee rights under the law, and the name, address, and telephone number of the Commissioner.
- F. The Commissioner shall adjust the wage rates by the annual average increase or decrease, if any, in the Consumer Price Index for all urban consumers for the Washington/Baltimore metropolitan area, or any successor index, for the previous calendar year, not later than 90 days after the start of each fiscal year. The Commissioner shall publish any adjustments to the wage rates on the Division of Labor and Industry's website. An employer subject to the Living Wage Law must comply with the rate requirements during the initial term of the contract and all subsequent renewal periods, including any increases in the wage rate, required by the Commissioner, automatically upon the effective date of the revised wage rate.
- G. A Contractor/Subcontractor who reduces the wages paid to an employee based on the employer's share of the health insurance premium, as provided in Md. - H. A Contractor/Subcontractor may reduce the wage rates paid under Md. Code Ann., State Finance and Procurement Article, §18-103(a), by no more than 50 cents of the hourly cost of the employer's contribution to an employee's deferred compensation plan. A Contractor/Subcontractor who reduces the wages paid to an employee based on the employer's contribution to an employee's deferred compensation plan shall not lower the employee's wage rate below the minimum wage as set in Md. Code Ann., Labor and Employment Article, §3-413.
- I. Under Md. Code Ann., State Finance and Procurement Article, Title 18, if the Commissioner determines that the Contractor/Subcontractor violated a provision of this title or regulations of the Commissioner, the Contractor/Subcontractor shall pay restitution to each affected employee, and the State may assess liquidated damages of \$20 per day for each employee paid less than the Living Wage.

After written notification that return or destruction of PHI is infeasible, Business Associate shall extend the protections of this Agreement to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business Associate maintains such PHI.
  - 3. Should Business Associate make an intentional or grossly negligent Breach of PHI in violation of this Agreement or HIPAA or an intentional or grossly negligent disclosure of information protected by the MCMRA, Covered Entity shall have the right to immediately terminate any contract, other than this Agreement, then in force between the Parties, including the Underlying Agreement.

**V. CONSIDERATION.** Business Associate recognizes that the promises it has made in this Agreement shall, henceforth, be detrimentally relied upon by Covered Entity in choosing to continue or commence a business relationship with Business Associate.

**VI. REMEDIES IN EVENT OF BREACH.** Business Associate hereby recognizes that irreparable harm will result to Covered Entity, and to the business of Covered Entity, in the event of breach by Business Associate of any of the covenants and assurances contained in this Agreement. As such, in the event of breach of any of the covenants and assurances contained in Sections II or III above, Covered Entity shall be entitled to enjoin and restrain Business Associate from any continued violation of Sections II or III. Furthermore, in the event of breach of Sections II or III by Business Associate, Covered Entity is entitled to reimbursement and indemnification from Business Associate for Covered Entity's reasonable attorneys' fees and expenses and costs that were reasonably incurred as a proximate result of Business Associate's breach. The remedies contained in this Section VI shall be in addition to (and not supersede) any action for damages and/or any other remedy Covered Entity may have for breach of any part of this Agreement.

**VII. MODIFICATION; AMENDMENT.** This Agreement may only be modified or amended through a writing signed by the Parties and, thus, no oral modification or amendment hereof shall be permitted. The Parties agree to take such action as is necessary to amend this Agreement from time to time as is necessary for Covered Entity to comply with the requirements of the Privacy Rule and HIPAA.

**VIII. INTERPRETATION OF THIS AGREEMENT IN RELATION TO OTHER AGREEMENTS BETWEEN THE PARTIES.** Should there be any conflict between the language of this Agreement and any other contract entered into between the Parties (either previous or subsequent to the date of this Agreement), the language and provisions of this Agreement shall control and prevail unless the Parties specifically refer in a subsequent written agreement to this Agreement by its title and date and specifically state that the provisions of the later written agreement shall control over this Agreement.

**IX. COMPLIANCE WITH STATE LAW.** The Business Associate acknowledges that by accepting the PHI from Covered Entity, it becomes a holder of medical records information under the MCMRA and is subject to the provisions of that law. If the HIPAA Privacy or Security Rules and the MCMRA conflict regarding the degree of protection provided for protected health information, Business Associate shall comply with the more restrictive protection requirement.
