WAIVER AMENDMENTS	PURPOSE	COMMENTS
Appendix K (Autism, Brain Injury, Home and Community Based Options, MDC, and Model Waiver)	This standalone appendix may be utilized by the state during emergency situations to request amendment to its approved waiver. It includes actions that states can take under the existing Section 1915(c) home and community-based waiver authority in order to respond to an emergency. All waivers have an approved Appendix K based on needs created during the COVID-19 pandemic.	12/17/21 - CMS approved the additive Appendix K to account for one-time rate increases in accordance with the eFMAP authorized through the American Rescue Plan Act.
Appendix K (Community Pathways, Community Supports, Family Supports Waivers)	The additive Appendix K relevant to the three HCBS Waivers operated by the DDA requests amendment to its approved waiver to implement provider rate increases resulting from the eFMAP and to provide one-time supplemental payments to providers to enhance HCBS and recruit and retain workers.	The Appendix K language is currently under review with CMS as of 4/27/22. A call with CMS is scheduled for 6/21/22.
