\*This is a higher than usual number because of the COVID-19 policy to not close cases unless we can verify they are out of state. Many of the PARIS matches researched and handled from March and June were still awaiting verifications and therefore cannot be closed. MDH and the LHDs have implemented an outreach project to complete action needed via telephone calls.

\*\*Beginning in March 2021, E&E PARIS alerts include both LTC statewide and ABD Medicaid for LDSS that migrated from CARES to E&E.
