Medical Benefits Management

Re: Transition to New Doula Service Codes

Note: Please ensure that appropriate staff members in your organization are informed of the contents of this memorandum.

In October of 2022, CMS designated two HCPCS service codes for doula services - T1032 and T1033. As such, the Department will be transitioning to these codes on April 1, 2023 (see table below). There will be no rate change associated with this transition.

Any services provided before 4/1/23 should be billed using the W- codes shown, and any services provided on or after 4/1/23 should be billed using the T- codes shown.

Description	Service Code through 3/31/23	Service Code Starting 4/1/23	Per unit rate	Max Units per service
Prenatal service visits (15 min/unit)	W3701	T1032	\$16.62	4
Attendance at delivery (flat rate)	W3700	T1033	\$350	1
Postpartum service visit (15 min/unit)	W3702	T1032 U9	\$19.62	4
