UNENROLLED PRESCRIBERS

The list below identifies the name and National Provider Identifier (NPI) of known practitioners who are not enrolled with Maryland Medicaid but recently prescribed medications to Maryland Medicaid recipients. It is imperative that any provider on this list enrolls as soon as possible to ensure their patients can receive their Medicaid covered medications. Failure to enroll in Maryland Medicaid while rendering care to Medicaid participants may risk patient safety or require patients to seek care from a different practitioner.

If you are an unenrolled prescribing practitioner, enroll now at <https://eprep.health.maryland.gov> to enable Medicaid to cover your prescriptions. Visit <https://bit.ly/3TKORP> for more information about Ordering, Referring and Prescribing provider enrollment.

The following practitioners are unenrolled and have recently prescribed to at least one Maryland Medicaid participant:
