CONSENT ORDER

Procedural Background

Based on information received and a subsequent investigation by the Maryland Board of Pharmacy (the “Board”), and subject to the Maryland Pharmacy Act (the “Act”), Md. Code Ann., Health Occ. §§ 12-101 *et seq.*, and the Maryland Administrative Procedure Act, Md. Code Ann., State Gov’t §§ 10-201 *et seq.*, the Board issued an Order for Summary Suspension dated December 17, 2021, in which it summarily suspended the pharmacy technician registration held by Natasha D. Johnson (the “Respondent”). Specifically, the Board found reliable evidence demonstrated that the public health, safety or welfare imperatively required emergency action, pursuant to Md. Code Ann., State Gov’t §10-226(c)(2).

On February 16, 2022, the Board held a hearing before a quorum of the Board to allow the Respondent the opportunity to show cause why the Respondent did not pose an imminent threat to the health, safety and welfare of the public. In lieu of a continued summary suspension, the Respondent and the Board agreed to resolve the matter by way of this Consent Order with the terms contained herein.

FINDINGS OF FACT

1. At all times relevant hereto, the Respondent was registered to work as a pharmacy technician in the State of Maryland under Registration Number T07059.
2. The Respondent was initially issued a registration to work as a pharmacy technician in Maryland on or about March 4, 2010.
3. At all relevant times, the Respondent was employed as a pharmacy technician at a community pharmacy (“Pharmacy A”) in Baltimore City, Maryland.
4. On or about August 16, 2021, the Board received a copy of a DEA 106 Report of Theft or Loss of Controlled Substances from Pharmacy A indicating employee theft of controlled dangerous substances.
5. Pharmacy A also provided to the Board a three-page statement, dated July 31, 2021, and signed by the Respondent. In the Respondent’s statement, she admitted that she took “a couple of clonazepam pink pills, a couple of tramadol and one oxycodone prescription.”¹ The Respondent blamed her actions on being in an abusive relationship.
6. The Respondent asserts that she diverted three return-to-stock prescriptions containing controlled dangerous substances due to physical threats she received from her abusive partner against her and her children. The Respondent stated that she has since obtained a restraining order and left the abusive relationship.
7. The Respondent has been registered as a pharmacy technician for over ten years without prior disciplinary issues.

¹ The Respondent denies diverting all of the drugs listed on Pharmacy A’s DEA 106 report. The State conceded that the report does not attribute the total loss to the Respondent.

CONCLUSIONS OF LAW

Based upon the foregoing findings of fact, the Board concludes that the Respondent is subject to discipline pursuant to Health Occupations Article § 12-6B-09(25) and (27), and COMAR 10.34.10.01A(1).
